

2022 TIRE RULE ALL DIVISIONS

RULES QUESTIONS? Please e-mail the track by sending your e-mail to kinrossspeedpark@foxexc.com and carbideip.500@yahoo.com

2022 Tire Rule is based on the price increase and continued supply shortage. Kinross Speedpark reserves the right to modify this rule as conditions change.

- Four new tires will be allowed on the first two weeks of racing. After week two, only two new tires will be allowed.
- If you miss the first two weeks of racing you will be allowed two new tires with Track approved used tires. If used tires are not available then a 40 lap run off will be allowed at race speed.
- Must qualify and race on tires used in run-off. Must perform tire run- off on the night you are racing.
- Must run the tires you qualified on for that night's races.
- The use of tire softener will not be permitted or tolerated.
- In the event of a popped or flat tire, you must use one of your used Tires. No new tires shall be put on the car. Tires are subject to Track approval.
