

2021 ENDURO SERIES

RULES QUESTIONS? Please contact Technical Director via e-mail at carbideip.500@yahoo.com

Kinross Speedpark/Fox Boyz Racing officials decision is FINAL!

OTHER

1. Car and tow vehicle only in pits
2. Cars must be registered before 3 PM on race day at pit booth.
3. Cars must be in pits no later than 4 PM on race day
4. No unnecessary revving of engines in pits.
5. Hot laps will be provided to all enduro cars during regular race programs. Cars will be grouped into 5 cars per 5 minute session.
6. Enduro cars are eligible to participate in track's regular test and tune sessions held throughout the summer. For full schedule of these practice sessions please visit www.racekinross.com.
7. Each event will be minimum 50 laps, maximum 100 laps. Number of laps dependant on car count and subject to track official's discretion.

BODY

1. Body must remain stock appearing.
2. Stock bumpers and covers are highly recommended.
3. Doors must be chained or welded closed – Driver's door recommended to be welded closed.
4. Car number must appear on both driver and passenger doors.

CAR ELIGIBILITY

1. Front wheel and rear wheel drive, 4 or 6 cylinder, SOHC or DOHC, American or Foreign models allowed. Open to cars, trucks and mini-vans. **NO** AWD or 4WD vehicles permitted unless front or rear driveshaft is removed. No V8's. No T-tops or convertibles.

ENGINE

1. Absolutely no anti-freeze allowed in system – water ONLY. (will be tested at tech)

GLASS

1. All glass must be removed except front windshield. If windshield is removed, must have a minimum of 3 x 5/8" diameter bars equally spaced in windshield opening.

INTERIOR

1. All interior must be removed (door panels, carpet, headliner, rear seat). All flammable interior must be removed.
2. Front seat may remain and must be securely bolted to the floor.
3. Dash may remain intact.
4. Battery may be mounted in passenger compartment but must be completely covered.

SAFETY & SET-UP

1. Four point roll cage, with driver's and passenger door bar is highly recommended. Minimum driver's and passenger door bar, cross bar (behind seat) and roll-over bar required. Roll-over bar must be higher than the seated driver's head.

Driver door protection must be sufficient and you need to have lots of it. We cannot stress that a Tpost is NOT driver door protection. You MUST have something better than a t –post for driver door protection

2. No fuel cells or gas tank allowed in passenger compartment. If tank is factory mounted in front of rear axle, it can remain. If mounted in trunk, must have sealed wall between trunk & passenger compartment.
3. Seat belts; Lap & shoulder belt required and must be in working order. 4 point harness is highly recommended.
4. Fire extinguisher mounted in car & must be within reach of driver and easily removed if required.
5. Snell-rated SA2005 or newer helmet or ECE22.05 required. **MA or M is not acceptable.
6. Racesuits are highly recommended.
7. Detachable, functioning/approved driver's window net mandatory.
8. Must have working brakes.
9. Vehicle must be clean of all loose debris.
10. Airbags must be removed.

TIRES

1. No made for racing tires. DOT approve ONLY.
